EXPERIENCE

Business Intelligence Analyst ADUSA Supply Chain | Remote

05/2020 - Current

- Responsible for producing insightful driven reports and metric dashboards with the help of SQL, Excel, and Power Bi.
- Strong focus on developing and tracking operational metrics for our two e-commerce channels store pick-up and delivery.
- Combing through granular level data to extract high-level insight to provide our brands with the tools needed to procure better business for the people who matter most, the customer.

Logistics & Ops Intern Peapod Digital Labs | Chicago, IL

12/2019 - 01/2020

- Completed a productivity project for each US Ahold brand for both delivery and store pick-up channels to gain better understanding of where's there's room for improvement to better serve our customers
- Pulling data for brand reps concerning various data points to drive better business decisions.
- Incorporated technological and strategic advances to optimize logistics for successful operations.

Marketing Intern Peapod | Chicago, IL

05/2019 - 08/2019

- Completed 4 vital projects; Omnichannel associate discount for all Ahold US brands, in-depth competitive landscape analysis, partnered with Edelman to create a brand refresh for Peapod, & helped orchestrate Midwest events for the summer of 2019.
- Researched latest trends and conducted market analysis.
- Assisted coordination of meeting logistics, organizing materials and taking notes to track discussions and new implementation plans.
- Performed administrative tasks to streamline organizational productivity.

Grocery & Produce Associate Food Lion | Sylva, NC

07/2015 - 08/2019

- Part-time job through high school and first half of college
